

Quantum
Chemistry
Group

SCHOLARSHIP FOR STUDENT/ PHD CANDIDATE

JOIN OUR MISSION

Shape Invisible. Drive discovery.

Join **MC-NOVA** project and explore the quantum world from **molecules** to the **cosmos**.

POWERFUL COMPUTING

Work with
supercomputers

METHOD DEVELOPMENT

Ab initio quantum
chemistry code
development

REAL-WORLD IMPACT

Study key binding
forces in bio and
astrochemical
systems

VISUALIZE & UNDERSTAND

Innovative visualization
of noncovalent
interactions

YOU WILL GET

International
team &
collaborations

Conferences
& networking
opportunities

Support for
scientific
career growth

Scholarship
& research
resources

WE WELCOME

- ✓ Background in chemistry, physics, informatics, computational sciences or related fields
- ✓ Experience in data analysis, simulations & visualization
- ✓ Curiosity, openness to learn & motivation to explore the unknown

DEADLINE
31.10.2026

PROJECT START
01.01.2027

HOW TO APPLY
Send your CV to us.

INTERESTED?

Let's shape the future together!

Agnieszka Krzemińska, PhD, DSc, Assistant Professor

agnieszka.krzeminska-kowalska@p.lodz.pl

Quantum Chemistry Group
Institute of Physics, TUL, Łódź, Poland
